DEMAND EQUAL RIGHTS

Japan Wants League to Safeguard All Aliens Within Nations Border —Willing to Yield on Immigration Demands.

Paris, March 21.—A Japanese amendment to the covenant of the league of nations providing that the contracting parties shall agree to grant "equal and just treatment" to all aliens within their borders who are national of States that are members of the league will be submitted to the Supreme Council, it is learned by Reuters from Japanese sources.

The standpoint of the Japanese is that all citizens of nations deemed sufficiently advanced to become members of the league should have equal rights when traveling or living in foreign countries, it is said. While the Japanese delegates do not accept the view that treatment of foreigners and discriminating immigration laws are purely matters of domestic policy, they say they are content to ask from the league only a recognition of the claim of their people now living in foreign countries to equal rights with other aliens.

The Dominion delegates here heartily concur in the view of the British delegation that the question of the equality of treatment of all nationalities throughout the world is not a matter for the league of nations. A prominent Australian expressed the opinion that the commonwealth was not prejudicied against the Japanese, but had a great admiration for them. Nevertheless, he said, Australians believed that it would be better for the future world if such race should develop along its own distinctive lines.

HOW TO FIGURE INCOME TAX.

Take the first three figures of your automobile license and add it to the size of your shoes, then subtract from it the buttons on your last summer's suit. Divide this by the size of your collar, add this to the amount of your unpaid taxes and laundry bills, and then divide this by thirty per cent. (30 per cent) of your telephone number. Next add the total weight of your entire family plus your serial number in the draft, divide by all the speeches on the increase in pay for shipyard employees that have been made, and this will constitute your income tax.

This reliable information has been found to be the only system there is to correctly figure out your income tax. If you do not find it to be correct the first twenty-three times you have figured it out, try it thirteen times more.

The following was handed to the Gazette by an Alexandrian who has just finished wrestling with the Federal Income Tax, with the suggestion that, while it came too late to help our citizens with Uncle Sam it might be a good guide to use in filling out the blanks which the Commissioner of Revenue is now distributing for the state.

ENJOYABLE DANCE

Farewell Entertainment Given in Honor of Boys of Q. M. C., From Humphreys—Many Soon Expect to Receive Discharge to Return Home

The boys of the Quartermaster Corps of Camp Humphreys gave a very successful dance last night at the W. C. C. C., Hall, under the chaperonage of Miss Lida McLaughlin and Mrs. Percy Evans. Sergeants M. Brown and M. J. Farley with very able assitants, were in charge of the decorations, and the hall was made beautiful with immense large flags artistically arranged covering the ceiling and the side walls. The Quartermaster color is yellow, and touches of this were very effectively intermingled with the Red, White and Blue in carrying out the decorations. About 135 couples were in attendance all of the young ladies being members of the W. C. C. S. Dancing Division. During intermission a very splendid buffet luncheon was served in the club dining room, under the direciton of W. C. Drury, of the Monticello Cafe. Music for the occasion was of a high order, being furnished from Washington and consisted of a five piece orchestra. The officers who attended the function were Captain Frank Hill, Judge Advocate, Washington; Capt. C. H. Helman, Transportation Dept. Washington; Lieut. F. Moody, Med. B. H.; Lieut. Collender, Fort Sill, Okla.; Lieuts. E. T. Dubois, I. T. McNutt, W. J. Leuchan, J. H. Hammond, E. T. Wachter, F. Martin, all of the Y. M. C. Detachment, Camp Humphreys. Many of the men who attended this dance have been stationed at Camp Humphreys since December 1917, and this party was in the nature of a farewell dance for those who expect to soon receive their discharge and return home. That the city of Alexandria has well impressed many men in uniform is evidenced by the fact that twelve of the men who were in attendance last night stated their intention of locating here in Alexandria, having secured employment at the Virginia Shipbuilding Company.

SOLDIERS ASSAULT CAR CONDUCTOR.

Early last night several soldiers from Fort Myer, who had recently been in the camp at Newport News, boarded a south bound electric train at Alexandria Junction for this city. When the train stopped at Prince and Royal streets some members of the party began to make their exit from the cars through the windows. The conductor, a young man, told the men to desist, as it was against orders to allow passengers to leave trains in that way. One of the soldiers took offense at this, and struck the conductor, but failed to knock him down. A companion standing nearby then rushed up and struck the conductor a severe blow in the face, which laid him out in the street. The party then proceeded to the Elks' Hall, but emerged before the police could intercept them. Officers in a motorcycle scoured the city for the assailants, but were unable to secure them until midnight when the offenders were taken in custody by Officers Kerns, Miller and Moore, who turned them over to the military police. They were arraigned in the Police Court this morning.

While the conductor was unable to postively identify the men who made the attack upon him, he was sure the trio were in the party and were disorderly, while another employee of the road also identified the prisoners as guilty of unbecoming conduct, although he could not say who struck the conductor.

REASON FOR EARLY ELECTION

Gov. Davis Wants This District Represented in Case of Extra Session Of Congress

The principal reason for calling an early primary on the part of the Eighth District Congressional committee to nominate a candidate for Congress from this district is due to the fact that an election will be held May 27 as already told in the Gazette. The primary date is fixed for April 22.

Gov. Davis decided upon an early election because he desires to have this district represented in Congress in the event of an extra session which is more than likely.

JUSTICE FAVORS TENANT

Instructs Jury Saulsbury Law Should be Held Constitutional.

As anticipated, a jury sitting before Chief Justice McCoy in the District of Columbia Supreme Court yesterday brought in a verdict in favor of Dwight L. Bromwell, tenant of 1364 Harvard street northwest, against Miss Corrine Hay, who sought possession of the premises under a ruling of Justice Gould's that the Saulsbury Act was unconstitutional.

Justice McCoy, who had previously expressed the opinion that the act was constitutional, directed the jury to bring in a verdict favorable to Mr. Bromwell.

Following the ruling of Justice Gould, Judge Terrell in the Municipal Court gave Miss Hay possession of the premises. Bromwell appealed to the District Supreme Court. Before the case went to the jury and before any evidence was introduced at all, Justice McCoy gave an opinion upholding the constitutionality of the Saulsbury Act and, accordingly, instructed the jury as to what the verdict should be.

AT THE GRAND TOMORROW

"Love me, love my dog," was literally enforced by Monroe Salisbury, during the recent filming of 'The Guilt of Silence," in the high Sierra Mountains near Truckee, California, who allowed no one in his company to abuse, even by word or look, the team of thoroughbred Malamute dogs that played so important a part in the picture, which comes to the Grand Theatre tomorrow.

In the story Salisbury is drugged into insensibility and robbed of his gold, the map of his mine and his dog team. One of the dogs, 'Wolfie," breaks away from the thief and returns to find his master's unconscious form on the floor of the cabin. The frantic efforts of the dog in pawing the man's body and licking his face and hands, is one of the most striking moments of the picture.

Also Tom Mix in a big western show.

YOUTH LOSES HIS LIFE

Attempt to Run Liquor Blockade Results in Killing Wallace A. Deane and Wounding of a Washington Policeman.

An eighteen year old boy is dead and a motorcycle policeman lies severely wounded at Georgetown University Hospital as the result of an attempt to run the liquor blockade in Chevy Chase, near the District of Columbia line, early today.

The dead youth is Wallace A. Deane, teh son of William W. Dean, 1256 Columbia road northwest, Washington. The wounded officer is Bicycle Policeman Daniel J. Foley, of the Seventh precinct station.

Deane was shot through the back after Foley had been struck by a bullet fired from an automobile Deane was driving to Washington on the Broad Branch road in Chevy Chase.

Whether Foley was shot by Deane or by Chrales Edward Jones, twenty-two years old, colored, of 2514 Sixth street northwest, who was a passenger in the car, has not been determined.

Jones is locked up at the First precinct police station.

HELD WITHOUT BAIL

Dr. Walter Keene Wilkins, the wealthy physician, prominent in New York and Long Island social circles, is in jail at Mineola, held without bail. An indictment was found yesterday charging him with the murder of his wife, Mrs. Julia Wilkins. She was brutally slain at their country home at Long Beach the night of February 27. The hammer with which she was killed bore finger prints which detectives claimed were made by her husband, to whom a late "will" not legally executed, devised her property, estimated as worth from $100,000 to $200,000.

AMERICANS RELEASED

Claims by Villa sympathizers that three American Mormon leaders reported held by Mexican bandits had been released were followed yesterday by reports of a column of 2,000 rebels preparing to launch a revolution against the Carranza government. Led by Francisco Villa and Felipe Angeles, the rebel force reached their mountain rendezvous near Salevo, Chihuahua, guarding a long wagon train of provisions, several hundred horses and cattle taken in ranch raids.

Wolff, was convicted of murder in the first degree yesterday. He was sentenced to life imprisonment.

ORGANIZED LABOR WINS

Organized labor won out in the Washington Police Court yesterday. Judge Hardison, in dismissing a charge of unlawfully displaying a sign against John H. Lynch, one of the locked-out union waiters, formerly employed at the Raleigh Hotel, said that that part of the license law which forbids the displaying of a sign without a license did not apply to human beings who carried signs, but did apply to buildings, structures, billboards, etc.

SENATOR REED DEFIANT

Will Not Resign As Requested By Democrats of Missouri

St. Louis, March 21.—United States Senator James A. Reed, in commenting yesterday on the action of 50 Democratic members of the Missouri House of Representatives who Wednesday adopted a resolution calling on him to resign and run for re-election as a means of determining public sentiment on his views, said he had no objection to the men passing the resolution, but he did object to their saying he spoke disrespectfully of President Wilson and the text of the speech would show it.

"I am not conducting this campaign as some are by abusing anyone who does not agree with he," he said, "but I make no denial of the fact that I do not agree with President Wilson.

"I will not resign, of course—not unless all these other fellows with views for and against the league of nations resign. In that case I will go with them and we can have a general election with the document as the paramount issue.

"I believe it is coming to a general referendum, for the United States Senate will not ratify the document."

Senator Reed expressed a willingness to meet William H. Taft, Alton B. Parker or Senator Hitchcock of Nebraska, in debate on the subject of the league of nations.

DECAPITATE GREEKS

Fifty Bodies of Peasants Found at Budja, Near Smyrna.

Athens, March 21.—Information from what is considered a trustworthy source describes the condition of the Greeks in the Smyrna district as extremely critical. Bands of Turkish soldiers and civilians are overrunning the region, murdering and pillaging, the advices state.

At Budja, near Smyrna, on Thursday last, according to the advices, a party of Greek peasants returning from the fields was attacked and numbers of them were filled. Aftre the Turks had left, fifty Greek bodies, it is alleged, were found decapitated and partly burned.

CHARGED WITH MURDER

Girl Says She Killed Wife in Order to Win Husband's Love.

Seattle, Wash., March 21.—Miss Ruth Garrison, 18, who, according to the police, confessed she caused the death of Mrs. Dudley M. Storrs Tuesday by poisoning the food Mrs. Storrs ate as her luncheon guest, was charged with murder in the first degree yesterday by John D. Carmody, assistant prosecuting attorney. Miss Garrison in her confession said she was a rival for the affections of Storrs.

Storrs, an automobile mechanic, was expected to arrive here yesterday from Okanogan, where he was notified of the death of his wife. The police declared he will be held for investigation when he arrives here.

FACING LABOR CRISIS

Triple Alliance, Composed of Miners, Railway Men and Transport Workers of England Prepare for General Strike.

London, March 21.—Great Britain is facing the greatest labor crisis in its history, It will culminate tonight, when the "triple alliance"—miners, railway men and transport workers—meet to decide whether a general strike shall be called tomorrow. While the government has offered some concessions to both the railway men and miners, labor leaders declare it must yield to every demand of the "triple alliance to avert an industrial catastrophe.

Both sides refuse to make an official statement, but a leader of the railway men made the following statement.

"We are prepared for the worst. If we win the government will fall, and The government realizes the seriousness of a strike. It will mean that thousands of people in the great industrial districts will face starvation as the government would be unable to run enough trains to insure distribution of sufficient food."

PREDICTS RACE SUICIDE

British Prelate Sees Result of "Aristocracy of Labor."

London, March 21.—Race suicide, as the result of the "aristocracy of labor," will be the outcome of the movement by which labor now seeks to destroy capital, according to Dean Inge, of St. Paul's Cathedral, in an address recently at a meeting of the Eugenics of Education Society. England's dense population, he asserted will then disappear and the country will revert to the quiet, rural England of 1750, with London, bereft of her wealth, the 'spiritual capital of the world."

"Neither voluntary restriction of births, which only lowers the death rate," he said, "nor famine, nor pestilence, nor war has much effect in reducting numbers. The late war cost 12,080,000 lives from the Separation of husbands and wives, in addition to about 8,000,000 killed. But those loses he added, may be made good in a few years.

"But at home we must face the fact that the upper and middle classes probably will be destroyed by predatory taxation. We are witnessing the creation of a new privileged class an aristocracy of labor, which will become exclusive and conservative when it has won the privilege of exploiting the public for its own profit. It probably will refuse to tax itself for the benefit of the proletariat, so that when the loot of the minority is gone, we shall no longer support the waste products of civilization.

"From the eugenic point of view this will be an advantage, but since the cheap races must end by capturing our trade, the privileged workers must themselves decay. The trade unionist probably will be allowed to place only one son in his union and will take care not to have more. The industrial employment of women will also lower the birth rate, Thus, in every class there will be a tendency to progressive decrease."

Richmond—Spectacle of Beauty and Thrills.

At the Richmond Theatre tonight "Queen of the Sea" will be seen for the second time. A large crowd saw the production last night. The picture is a colossal aquatic drama, with all the majesty of marine and submarine film art, dazzling with strange beauty and tense with surprises and drama that thrills. It is a masterpiece with the maximum of trilliance, lavish investiture and daring conception. Apnette Kellerman, the world's most perfectly form woman, is seen in the principal role.

FIRST ANNIVERSARY

It was just a year ago today, on March 21, 1918, that Germany began her great offensive against the Allies in France. For months she had been making great preparations for it and so confident was she of the results to be accomplished that she practically laid her cards on the table in sight of the whole world. Almost the very hour of the attack was announced, and the correspondents of papers in neutral countries were invited to be present and witness the final triumph of the Kaiser's armies.

The advance of the Huns, though materially slowed down, was not definitely checked an dturned into a retreat until the French and Americans took the counter-offensive against Soissons on July 18, and snatched a splendid triumph from defeat.

From July 15, at Chateau-Thierry, to November 11 American soldiers played a big part in the war and turned the scales against Germany. Since then the Central Empires have gone to pieces, the Kaiser is in exile sawing wood, and the whole world is in process of remaking.

Right has triumphed over might, and Germany is now as harmless as a babe.

NO MERCY FOR SPEEDERS

Cases against persons charged with exceeding the speed limit with automobiles are numerous in all cities. During the past few years numbers have been arraigned in the Alexandria Police Court to answer for this common offense. Such violators of law at times pay ten dollars for their lawlessness, but most of them get off with a five-dollar assessment. Those forced to pay often suppose the court has been unnecessarily harsh towards them.

For the benefit of such it may be stated that Justice Crutchfield in Richmond makes all men violators of law pay for their fun. One day this week a man assessed twenty-five dollars and costs for exceeding the speed limit, while another man who, it was shown, had been operating an automobile while under the influence of liquor was made to pay fifty dollars.

TALKED ACROSS THE OCEAN

The extent to which the wireless telephone has been perfected was disclosed when it became known yesterday that the naval operating station at New Brunswick, N. J., has talked directly to the steamer George Washington in Brest harbor within the past few days.

Sixty years have passed away since the United States steamer Niagara and the British ship Agamemnon laid the first Atlantic telegraph cable. When it was found that Newfoundland could talk to Ireland a shout of joy went up throughout the civilized world. Some of us will remember Queen Victoria's message to President Buchanan and his reply. The plan to lay this cable had for years been looked upon as impossible, as much so as perpetual motion. No one at that time ever dreamed of such a thing as wireless telegraphy or wireless telephony.

THE LATE THOS. BURROUGHS

The late Thomas Burroughs, an announcement of whose death recently appeared in these columns was a man whose passing deserves more than a casual mention.

For many years Mr. Burroughs was Postmaster here in Alexandria, where most of his long life was spent, and this life was an open book from which his associates might have learned daily lessons of gentleness, honor courtesy, and the faith, hope, and charity that characterized the truly Christian gentleman of the old school. In the broadest sense did his "light so shine before men that others seeing his good works might glorify their Father which is in heaven."

For better than gold is the legacy such a man leaves to his friends, his children and his childrens' children. Precious to them should be the memory of his blameless life—and inspiration to consecrate their lives to noble purposes.

Blessed with a fulness of years beyond the average lifetime, Mr. Burroughs was accorded the privilege of retaining his energy and his full faculties to the end and having fulfilled his mission on earth to depart in peace.

With the beautiful prayers of the Catholic burial service—the tears of loved ones and the benediction of Comrades in Arms his mortal remains were consigned to a vault in St. Mary's Cemetery, awaiting burial, until the return from France of his only grandson, Mr. Albert Goods.

It was of lives such as Mr. Burroughs live dthat the poet writes:

"When a good man dies,
For years behind our ken
The light he leaves behind him,
Shines on the paths of men."

For many years Mr. Burroughs was Postmaster here in Alexandria, where most of his long life was spent, and this life was an open book from which his associates might have learned daily lessons of gentleness, honor courtesy, and the faith, hope, and charity that characterized the truly Christian gentleman of the old school. In the broadest sense did his "light so shine before men that others seeing his good works might glorify their Father which is in heaven."

For better than gold is the legacy such a man leaves to his friends, his children and his childrens' children. Precious to them should be the memory of his blameless life—and inspiration to consecrate their lives to noble purposes.

Blessed with a fulness of years beyond the average lifetime, Mr. Burroughs was accorded the privilege of retaining his energy and his full faculties to the end and having fulfilled his mission on earth to depart in peace.

With the beautiful prayers of the Catholic burial service—the tears of loved ones and the benediction of Comrades in Arms his mortal remains were consigned to a vault in St. Mary's Cemetery, awaiting burial, until the return from France of his only grandson, Mr. Albert Goods.

It was of lives such as Mr. Burroughs live dthat the poet writes:

"When a good man dies,
For years behind our ken
The light he leaves behind him,
Shines on the paths of men."

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Children smile when they take

FOLEY'S HONEY-TAR

1st. It tastes good.
2nd. It makes them feel good.
3rd. It will turn a distressed, fretful child into a happily smiling one.

Because it is just what children ought to have for feverish colds, coughs, croup, "snuffles" and heavy, wheezy breathing.

It puts a healing, soothing, coating on a feverish, inflamed, tickling throat, and it stops coughs quickly. It is good for croup, too.

It contains no morphine, chloroform, or other drug that you would not like to give to young children, and it is just as effective for grown-ups.

NEWS OF THE DAY.

A Bolshevist propaganda circular sent broadcast among garment workers in New York yesterday with the intention of reaching the 120,000 members of the garment workers' unions affiliated with the American Federation of Labor, urged the workers to abandon the federation and affiliate with the Russian system of which Trotsky and Lenine are the foremost exponents.

The belief in witchcraft is not dead in rural England. A farmer giving evidence at the Swaffham County Court, Norfolk, told the judge one of his cows had become bewitched, but he put a hot poker into the churn and the "spirit' went up in a flame which illuminated the whole dairy.

Arthur D. Millard, a laborer, of Chicago, today gave $850, his life savings, to the Armenian relief fund.

Joseph Yufornero, thirty-one, of Cleveland, Ohio, swallowed a fork. He told fellow workmen at the excavation where he continued to wield a pick and shovel. They laughed. For fourteen months Yufornero shoveled all day long. And the fork—a full-sized table fork—never bothered him. A few days ago, however, he felt a pain in his side and went to a doctor. An X-ray showed the fork lodged across the mans stomach. The fork was removed by Dr. H. R. Brownlee today. Yufornero later said: "I feel fine—better than I ever have in my life."
